2.C - Access to the Exhibition Centre to set up stands

To access the Bologna Exhibition Centre, exhibitors and their fitters/suppliers must register on the website zoomark.befair.eu. To do this the companies must use the credentials chosen by the user the first time they accessed the system, following the instructions provided. These will remain valid for future editions. The exhibitors will then authorize the appointed fitters and hauliers, who will receive an email for their first access to the system to choose their credentials.

Both the exhibitors and fitters/hauliers can, with their respective credentials, register their own team and the plates of the vehicles that will access the fairgrounds, exclusively in the set up and dismantling days.

Any fitters who do not register on this site and do not view the documentation published, including the DUVRI, will not be able to print their passes/permits to enter the Exhibition Centre.

Access to the exhibition fairgrounds is never permitted to people/vehicles not in possession of the required badge or pass.

Transporters not in possession of the required badge or pass who must deliver goods (couriers included) can unload the goods in the CFP warehouse – Via Maserati 20/C, Bologna, from 8 a.m. to 12 p.m. and from 1 p.m. to 5 p.m. The storage service must be booked and paid through the BolognaFiere sales platform at www.befair.eu or, for special requests, by sending an email to vendite@bolognafiere.it.

As required by current laws regarding health and safety at the workplace, in relation to the work to be assigned, the Exhibitor (client) is responsible for verifying that all subcontractors and tradespeople working for them in the Exhibition Centre are in possession of the required technical/professional credentials.

During the set-up period, people and vehicles may enter the Exhibition Centre at the following times:

from Wednesday 10th to Saturday 13th May, from 8:00 a.m. to 8:00 p.m.

Sunday 14th May, the day before the beginning of the Exhibition, from 8:00 a.m. to 7:00 p.m. no setting up operations can be carried out. The only operations permitted are samples display, decorations and other similar activities using hand tools alone.

Access to the exhibition halls and other indoor areas is forbidden to all NON-ELECTRIC vehicles and vehicles with internal combustion engines.

Parking in the proximity of the exhibition halls must be limited to the time strictly required to load and unload goods and equipment. Vehicles that are not used for these operations must be parked in the designated areas.

In particular it is not permitted to unload or temporarily park containers or detachable parts of non self-propelled vehicles.

In compliance with work safety legislation, BolognaFiere and the organizers may establish specific criteria for admission to the exhibition centre during the set up period and may restrict vehicle access and/or establish charges in the event that vehicles are parked outside the designated spaces or for longer than the period established by organizers.

In particular, if cars or other vehicles remain in the exhibition centre for more than two hours, the exhibitor whose password has been used to register the vehicle will be charged a sum of €500.00 plus VAT.

In addition, for safety reasons, it is strictly prohibited to leave any kind of vehicle inside the Exhibiton Centre when closed. Should this occur, Bolognafiere will take action to move the vehicle outside the Exhibiton Centre, at the owner’s risk and expense. For information, the transgressor can go to Ufficio Vendite located in the Service Centre, Block D, first floor.

For safety reasons, Exhibitors and stand fitters working on their behalf are not allowed to use their own forklifts, mobile cranes, aerial platforms etc. inside the Exhibition Centre; should they need to use such equipment, they must contact BolognaFiere, to ensure strict compliance with safety regulations. The above mentioned rules do not apply to vehicles equipped with an on-board crane arm, which may only be used inside the halls if equipped with pipes to discharge exhaust fumes outside the venue.

If any lifting equipment (belonging to Exhibitors or their suppliers) is brought in and used, BolognaFiere will intervene immediately to have it removed from the Exhibition Centre at the owner’s risk and his/her own expense.

All stands, regardless of their location, must be cleared by 7:00 p.m. on 19th May.

If this operation is not carried out, it will be performed by BolognaFiere and any material remaining on the stand will be considered refuse and sent to the public tip. The Exhibitor will be required to reimburse all direct and indirect costs incurred for removal, currently a minimum of € 300.00 per 16 m², and the Exhibitor will also be liable to compensate any further damages.

The Exhibitor shall be solely liable for any damage or theft that may occur during the exhibition as well as during setting up operations and subsequently.

2.E - Terms of payment

Payment of the fees due for participation in the Exhibition shall be made within the times and in the manner set down on the application form.

2.F - Insurance - Exemption, assumption and limitations of liability

During the hall opening times the Exhibitor shall watch over his/her own stand either directly or by means of his/her personnel. Although BolognaFiere provides a general day and night security service inside the Exhibition Centre when the Centre is closed to the public and exhibitors for the entire duration of the Exhibition and during the stand installation and dismantling periods, it is hereby released from any and all responsibility with regard to theft and/or damage that may be sustained by the Exhibitor.

The Exhibitor shall also be responsible to BolognaFiere for all direct and consequential damage which for any reason is attributable to him/her or to the personnel working for him/her (including damage caused by the furnishings or by the systems set up either by the Exhibitor or by third parties hired to do so, even if they have been inspected by BolognaFiere).

Compensation for damages deriving from such theft or damage as may be sustained by the Exhibitor, even outside the hall opening hours (including all the days allocated for stand installation and removal) shall be made solely by means of adequate insurance policies, and within the limits/conditions set out therein.

The Exhibitor shall benefit from the following insurance policies taken out by BolognaFiere and agreed on with the Organizer:

- a) All Risks cover (including fire and theft) against direct and material damage to stand fittings, furnishings, equipment and goods in the stand, excluding cash, items of value, other valuables and similar and

excluding software installed on computers and excluding damages from non-use of stand fittings, furnishings, equipment and goods during the exhibition – € 40,000 full first loss (including fire and theft) cover with full excess of € 300 for each item of damage, increased to € 600 for damages occurring after the end of the exhibition.

- b) Third Party Liability cover, comprising damage from fire: single limit € 50,000,000;
- c) Third Party Liability cover for workers: limit of € 3,000,000 per claim and € 2,000,000 per person.
- d) the Insurance Company shall waive all claims towards Exhibitors and BolognaFiere and Events Factory Italy.

The aforementioned insurance coverage is governed by the conditions and limitations which the Exhibitor may request from the exhibition Organising Office and which are printed in the documentation for the exhibition. These insurance policies do not release the Exhibitor from liability in respect of all risks which, according to the independent assessment of the Exhibitor, are not covered or exceed the limits of cover as set out above. The Exhibitor shall take out such supplementary cover as he deems appropriate.

In particular, given the existence of a video surveillance system, in case of theft, a report must be presented to the Public Authorities and forwarded to the Insurance Company within seven days after the end of the exhibition. Failure to meet this deadline may result in losing the right to be indemnified.

The Insurance Company will also handle claims and settlements at the end of the exhibition.

In any case, the Exhibitor undertakes to include in the supplementary insurance coverage a clause in which the Insurance Company waives all recourse to action against the Exhibitors, BolognaFiere and Events Factory Italy, and in default he/she shall indemnify them from any action that may be brought against them.

Having taken note of the above, the Exhibitor (on his/her own account and that of his/her agents, employees or assistants) in any case expressly relieves BolognaFiere and Events Factory Italy from any liability for loss or damage which for any reason should occur in the exhibition area assigned to him/her, during the show or during installation or dismantling, and in respect of anything located therein, and accepts liability for any damage caused to third parties by the management of the exhibition space or by anything introduced therein and which is not covered in the terms or manner indicated above or by additional insurance cover taken out by the Exhibitor him/herself. BolognaFiere and Events Factory Italy accept no liability for consequential damages, damage to image, loss of revenues, etc. As regards direct damages, the Exhibitor accepts that the liability of BolognaFiere and Events Factory Italy shall be limited to the insurance coverage limits as stated above. The Exhibitor accepts these limits of liability.
